

## The Electronic "Apartment Age"

The electronic *Apartment Age* offers an enhanced experience for advertisers. Ads are **displayed in high resolution** and **feature live links** to your company's website. In addition, we are able to **track hits to your website** from ads and provide you with valuable **analytics**.

In addition to our *Apartment Age* advertising options, we also offer online advertising outlets. Advertising on [www.caahq.com](http://www.caahq.com) and in the monthly eNewsletters are prime locations to feature an advertisement, especially in today's digital world.
